

WHY SUPPORT POLK COUNTY FARM BUREAU?

For over 80 years, Polk County Farm Bureau has served as the eyes and ears for Polk’s diverse agriculture community. PCFB seeks to protect agriculture’s best interests in areas of regulation, taxes, private property rights, and more. Our mission is to insure that local, state and federal laws and regulations take agriculture producers’ needs and economic and community impacts into consideration.

Through Agri-Fest, FFA and 4-H program support, scholarships, mini-grants, speech and essay contests, the Young Farmer and Rancher and Women’s Committee programs, farm tours, and support of agribusiness education, Polk County Farm Bureau strives to cultivate future agriculture community leaders and to educate the public about the vital role of agriculture.

Support from sponsors helps us raise the profile of our agriculture community. As a sponsor, you will receive special recognition to PCFB’s almost 4,000 family members throughout the year, invitations and tickets to events, recognition in traditional and social media, membership in the organization, and more.

Please see the reverse side for specific sponsor level benefit details. Call 863-533-0561 for more information.

Yes! I will support Polk Agriculture and the efforts of Polk County Farm Bureau!
